

I would like to take this opportunity to recommend the legal services of Levi Wolf.

Levi recently concluded a workers compensation case for me.

It was 2005 when I initially contacted Levi. At that time he sat down with me and listened, as well as, asked many questions. He gathered information from many areas. Such as medical records, tests, doctor's testimony and offered great advise over the next couple of years.

In 2011 it came time to negotiate a settlement and we again sat down to discuss all issues. His knowledge in workers compensation cases was clear. Levi stated what was likely to happen along the way, how we would approach the course of action and the most likely outcome.

He was there every step of the way. The many questions I had he took the time to answer and reassure me. His staff was also courteous and very helpful.

As we closed in on the settlement he contacted me with every development and genuinely cared and expressed my needs and wants. When we settled it was almost exactly as we had discussed.

I will continue to use Levi for all my legal needs. His professionalism, knowledge and compassion are exemplary. It is with my utmost respect I recommend Levi Wolf for any legal representation.

Sincerely,

Richard S. Miller, Jr.
